1. **Watch Your Thinking**

focused on promise

2. **Watch Your Talking**

Nasa — “Columbia your attitude is perfect.”

Dr. Carol Dweck “Your attitude is a better predictor of your success than your IQ.”

Dr. Caroline Leaf

“What you are thinking every moment of every day becomes a physical reality in your brain and body, which affects your optimal mental and physical health. These thoughts collectively form your attitude, which is your state of mind, and it’s your attitude and not your DNA that determines much of the quality of your life.”
